

## CONTENTS OF VOLUME 65

AGARWALA, B. K., S. Roy CHOUDHURY and P. Ray CHOUDHURY: Comparison of oviposition and larval development of <i>Leptosia nina</i> Fabricius (Lepidoptera: Pieridae) on two different food plants in different seasons .....	128
AHN, N.- H., M. MURASE, Y. ARITA and T. HIROWATARI: A new species of the genus <i>Proleucoptera</i> Busck (Lepidoptera, Lyonetiidae) from the Nasu Imperial Villa, Japan .....	137
加藤義臣・八木孝司・上遠岳彦: ホソオチョウにおけるエクジステロイドホルモンによる卵巣成熟の誘起	
KATO, Y., T. YAGI and T. KAMITO: Stimulation of ovarian maturation by ecdysteroid hormone in the papilionid butterfly <i>Sericinus montela</i> .....	65
北原 曜: ヘリグロチャバネセセリとスジグロチャバネセセリの人工雑種查	
KITAHARA, H.: Artificial interspecific hybrids of <i>Thymelicus sylvaticus</i> and <i>T. leoninus</i> (Lepidoptera, Hesperiidae) .....	35
北原 曜: サトキマダラヒカゲとヤマキマダラヒカゲの人工雑種	
KITAHARA, H.: Artificial hybrids between <i>Neope goschkevitschii</i> (Ménétriès, 1857) and <i>N. niphonica</i> Butler, 1881 (Lepidoptera, Nymphalidae) .....	150
KODA, K. and H. NAKAMURA: Egg parasitism of three lycaenid butterflies by the parasitoids, <i>Trichogramma</i> spp. in the preservation area of <i>Shijimiaeoides divinus barine</i> (Leech) (Lepidoptera: Lycaenidae) in Azumino City, Nagano Prefecture .....	123
NAGASAKI, F., T. YAMAMOTO, K. KITAKATA and N. WAKISAKA: Breeding evidence for Mendelian recessive transmission in an aberrant blue form of <i>Sasakia charonda</i> (Hewitson, 1863) .....	40
NASU, Y. and S. TOMINAGA: Discovery of <i>Eccoptocera palmicola</i> (Meyrick) (Tortricidae, Olethreutinae) from Okinawa, Japan .....	70
那須義次・坂井 誠・川上和人・青山夕貴子: 小笠原諸島で繁殖する3種の鳥類の巣に生息する鱗翅類	
NASU, Y., M. SAKAI, K. KAWAKAMI and Y. AOYAMA: Lepidoptera from nests of three bird species breeding in the Ogasawara Islands, Japan .....	73
二村正之・若原弘之・宮本龍夫: <i>Euthalia monina</i> の幼虫は有毒か?	
NIMURA, M., H. WAKAHARA and T. MIYAMOTO: Is the <i>Euthalia monina</i> larva venomous? .....	60
長田庸平・石井 実・岡島秀治: 神奈川県大磯丘陵の里山におけるチョウ類群集の種多様性	
OSADA, Y., M. ISHII and S. OKAJIMA: Species diversity of butterfly assemblages in the Satoyama of the Oiso Hills in southern Kanagawa Prefecture, central Japan .....	1
斎藤昌幸・矢後勝也・神保宇嗣・倉島 治・伊藤元己: 外来蝶アカボシゴマダラの潜在的生息適地: 原産地の標本情報と寄主植物の分布情報を用いた推定	
SAITO, M. U., M. YAGO, U. JINBO, O. KURASHIMA and M. ITO: Potential suitable habitat for an introduced population of <i>Hestina assimilis</i> (Linnaeus) in Japan: estimation from specimen records in native range and the distribution of host plants Ogasawara Islands, Japan .....	79

TADOKORO, T., Y. KOIDE and K. Hori: Description of a new subspecies of <i>Mesapia peloria</i> from central Nepal, and taxonomic notes for other subspecies (Lepidoptera, Pieridae) .....	47
TADOKORO, T. and M. WANG: Description of a new subspecies of <i>Pieris extensa</i> Poujade, 1888 from north Yunnan, China, and clarification of the seasonal forms in the species (Lepidoptera, Pieridae) .....	94
TAKASU, K., Y. YOSHIYASU, A. M. BURRELL, P. E. KLEIN, A. RACELIS, J. A. GOOSBY and W. A. OVERHOLT: <i>Acrapex azumai</i> Sugi (Lepidoptera: Noctuidae) as a possible biological control agent of the invasive weed <i>Imperata cylindrica</i> (L.) Beauv. (Poaceae) in the United States .....	13
TANAHASHI, I., T. MIFUNE, N. HIRAI and M. ISHII: Wing color change by sunlight irradiation in the spotless grass yellow butterfly, <i>Eurema laeta bethesba</i> (Lepidoptera, Pieridae) .....	28
TERADA, T.: A review of the <i>Stathmopoda pedella</i> species-group (Lepidoptera: Stathmopodidae) from Japan ...	101
吉松慎一・村上康明・前田由美: アラゲキクラゲを食害する 2 種のヤガ	
YOSHIMATSU, S., Y. MURAKAMI and Y. MAEDA: Two noctuid moths (Lepidoptera) feeding on cultivated earfungus, <i>Auricularia polytricha</i> (Montagne) Saccardo .....	9
YOSHIMATSU, S., D. WATABIKI, T. NISHIOKA, H. NAKAMURA, T. YAMAGUCHI, K. TAKESAKI, M. SHIMATANI and T. UESATO: Additional information on DNA barcoding of the African armyworm, <i>Spodoptera exempta</i> (Walker) (Lepidoptera, Noctuidae) from Japan .....	89
YOSHIYASU, Y.: Immature stages of two plume-moths on a wild vine in Thailand, with remarks on the morphological similarities between them (Lepidoptera, Pterophoridae) .....	20
YOSHIYASU, Y., M. SAKAKIBARA and N. HIRAI: A new <i>Anania</i> species from Japan, a close relative of <i>A. crocealis</i> in Europe (Lepidoptera, Crambidae) .....	142
WATABIKI, D. and S. YOSHIMATSU: Taxonomic study of <i>Targalla delatrix</i> (Guenée) and its close relatives from East and Southeast Asia with description of a new species (Lepidoptera: Euteliidae) .....	158
